

“A useful rule of thumb is: If immigrants increase the supply of workers in a particular skill group by 10 percent, the wage of that group probably goes down by at least 3 percent.”

— *Harvard University Professor George J. Borjas before the Senate Subcommittee on Immigration and the National Interest, March 16, 2016*

“The level of immigration is a policy choice and not an inevitability... If the numbers are becoming an environmental problem, they must be cut.”

— *The Honorable Richard Lamm, The Hill, October 20, 2016*

“The challenge for national security in an age of terrorism is to prevent the very few people who may pose overwhelming risks from entering or remaining in the United States undetected.”

— *The 9/11 Commission Report, p.383, 2004*

“Credibility in immigration policy can be summed up in one sentence: Those who should get in, get in; those who should be kept out, are kept out; and those who should not be here will be required to leave.”

— *The Honorable Barbara Jordan before the U.S. House of Representatives Subcommittee on Immigration and Claims, February 24, 1995*

DEFENDING BORDERS

PROTECTING JOBS

SERVING YOU

“[T]HE SIMPLE TRUTH IS THAT WE’VE LOST CONTROL OF OUR OWN BORDERS, AND NO NATION CAN DO THAT AND SURVIVE.”

— President Ronald Reagan, London Economic Summit on June 14, 1984

WHAT IS ATTORNEYS UNITED FOR A SECURE AMERICA?

Attorneys United for a Secure America is an affiliation of talented attorneys dedicated to

pursuing cases that serve the national interest when it comes to immigration law. Members are encouraged to pursue a variety of cases and projects aimed at enforcing the rule of law, safeguarding the border, protecting American jobs, preserving our natural resources, and defending our national security. Affiliated attorneys use their valuable skills, time, and resources to ensure the American people—not the open borders lobby, Big Business, or corrupt politicians—prevail in a court of law.

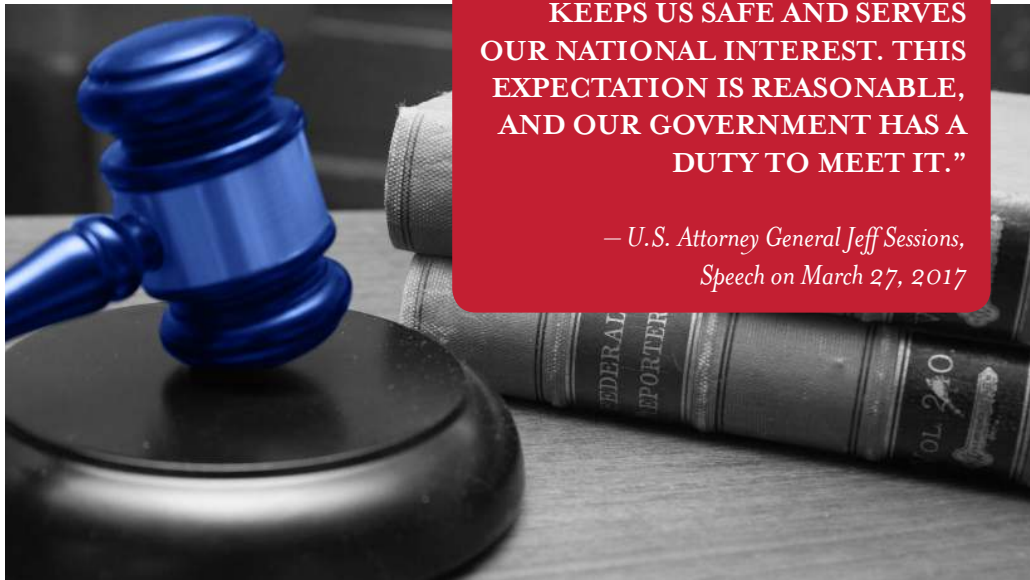

WHY IS THIS ATTORNEY NETWORK NEEDED?

As special interests seek to control U.S. immigration policy, fidelity to the rule of law—and to the American people it governs—is needed now more than ever. That’s where Attorneys United for a Secure America comes in. Our network connects attorneys from all parts of the country who are interested in putting the needs of the American people first when it comes to enforcing U.S. immigration law.

WHAT ARE THE BENEFITS OF JOINING?

Members receive the necessary training, resources, and guidance to assist them in upholding the rule of law, advancing sensible immigration policies, and educating the next generation of attorneys on the consequences of mass immigration and unsecure borders. Having represented numerous clients and participated in countless cases to do just that, the Immigration Reform Law Institute (IRLI) can provide member attorneys with the mentorship and guidance to:

- Act as lead-counsel on cases of national significance referred by IRLI.
- Participate as IRLI co-counsel on immigration cases of federal, state, and local importance.
- Draft amicus briefs on critical immigration law and policy matters for the U.S. Supreme Court and other appellate courts.
- Advocate for the rule of law through op-eds, blogs, and other writing opportunities to shine light on key issues of concern.

“THE AMERICAN PEOPLE WANT AND DESERVE A LAWFUL IMMIGRATION SYSTEM THAT KEEPS US SAFE AND SERVES OUR NATIONAL INTEREST. THIS EXPECTATION IS REASONABLE, AND OUR GOVERNMENT HAS A DUTY TO MEET IT.”

— U.S. Attorney General Jeff Sessions, Speech on March 27, 2017
